

Foresight News

June 2026

Dear Parents,

Summer is here and hopefully the windy weather is gone! We're looking forward to a beautiful Flagstaff summer. This month we will be experimenting with STEAM concepts and discovering the magic of nature! Please see our summer brochure posted on the website for specific events and activities.

Special Events

Start of our Summer Adventure!!

Monday, June 1st, 2026

Other News

Sunscreen:

Please remember to apply sunscreen to your child every day. We will be spending more time outside in the summer. Waterproof, sweat proof, long lasting, 45+SPF like "Water Babies by Coppertone" is a recommended brand. Thank you!

Staff & Summer Substitutes:

We wanted to introduce some new staff members. Lori (Adrianne's little sister) who started last month, she is new to childcare but loves her new position and hopefully will be starting some CCC education classes in the Fall.

Sarah Myers is back for Sam G. through summer until NAU goes back. Always great to have familiar faces return! We will still see Sam G. occasionally when she subs for late day, at least until baby boy is born. We also hired Sierra Carroll for a new position a few days a week and as a substitute. She attends CCC for the start of her education degree. Lastly, we hired Yaaniya Tso, a sociology major to substitute teach through August. Please introduce your self to them, they are very kindhearted, caring young women who really like children!

We also wanted to let everyone know that during the summer we will have all positions filled with full-time staff members, but many of them are going on vacations and will be taking additional time off, but rest assured we have Miss Sam, Miss Yaaniya, Miss Sierra and other staff to help out.

Tuition Payment:

We accept checks, money orders, cash, or cashier's checks. We will accept cash payments, but please give cash to Beth or Kori. Also, if you have questions regarding tuition, schedules, payment, etc., either write a note to us, or request we call you. Thanks!!

Children's Shoes for School:

Sandals with straps are great, as are sneakers. Both are appropriate and reinforce the gross motor skills that your child needs to develop. Flip Flops do none of this and are not very safe on the playground when combined with running, jumping, and age-appropriate movement that children aged 2-6 like to participate in at school. **So, please save the flip flops, crocs, and cowboy boots for relaxing at home and weekends.**

Enrollment:

August 3rd will be the start of our fall classes for the year 2026-2027. Many enrolled families attend year-round (June & July), which does not require you to do anything. Please know we do our very best to accommodate our current students' schedules, but that we have had a surge of new enrollment and must fill all available spots. Please refer to our registration policies for schedule priorities, and feel free to talk to Beth or Kori if you have any questions or special requests. Please fill out a withdrawal form if you know your child's last day.

Going Green:

Wash produce and save the water!

There's no reason we can't wash fruits and vegetables in a large bowl and save the runoff for watering the garden or lawn (or those little potted plants). The same thing can be done after boiling pasta or potatoes—just make sure the water is not salted!

Thank You so much!!!!

****For everyone's understanding when we had no electricity and could not remain open, due to safety conditions. Hopefully APS will only go to those measures again, if in fact there is a real fire danger specifically for our area.**

****All the families who were able to attend our May open house (what a great turnout!), and those of you who couldn't make it we will see you at our next open house in December!**

****All our graduating students and families for making our job so rewarding! We wish you the best and please keep in touch!**

****Yeah!! To our amazing teachers and staff who give so much and help make Foresight so special!**

Have a Happy Month!

Beth, Kori, Jena, Isabelle, Sam, Michaela, Adrienne, Lori, and Sierra

Thought for the Month

Adopt the pace of nature; her secret is patience. -Ralph Waldo Emerson

P.S. Please go to

www.foresightlearningcenter.com check out our website. If you could give an online review, we would be very appreciative!
